FURNITURE CO.
NEW YORK CITY

OUR 1928 CATALOGUE

THREE years ago we presented to our friends and customers our first catalogue. It contained actual photographs of Artcraft Furniture in group settings—showing how attractive you could make any room in the house look, by the judicious use of our various pieces.

This new catalogue is built along the same lines. Most of the photographs were made from our unfinished pieces, the settings containing a great number of true reproductions of original pieces, many of which we own. All except two of the groups shown are new, and were specially posed by us in accordance with principles which we have proved correct in actual experience.

Different settings, of course, may be made to suit individual needs. That is the joy of working with unfinished furniture. We recommend, however, that whatever you get, be sure the pieces are well-built and really distinctive. Such are all our things. May you find herein the answer to your desires!

ALL PRICES QUOTED IN THIS
CATALOGUE ARE FOR
UNFINISHED GOODS

All prices quoted are for unfinished goods

General Information

ARTCRAFT FURNITURE may be purchased in the unfinished state—that is, without stain, or paint. The purchaser may do the finishing, or we will finish to order to match any color scheme.

Our finishing is all done in our own studio—under personal supervision. We employ only skilled workmen and use the best materials obtainable. We match our finishes to your samples—maple pieces finished in old fashioned honey or amber color—table tops oil finish—mahogany and walnut pieces finished any color to sample. We paint antique, stripe, and decorate to harmonize with your wall paper or hangings.

All Artcraft Furniture made of selected Birch may be finished in the old or Antique Maple colors. Birch will take all stains and also finish well in all paint colors.

When we copy an original piece, the copy must be an exact reproduction in every detail. We do, however, make our tables and corner cupboards from our original models in special sizes to meet the requirements of our customers.

The simplicity of our designs makes it possible to develop individuality in assembling pieces for studios, apartments, bungalows, and country homes.

We do not have the so-called periodical "Furniture Sales," as prices are as low at all seasons as is consistent with quality and workmanship.

Every effort is made to please our customers. Goods are as represented or money is refunded.

Terms

WE have eliminated all unnecessary expense and wasteful methods, therefore our goods are sold at the lowest possible margin—on cash terms.

We do not have charge accounts—for that reason are not interested in references. We do not send goods C. O. D. Cancellations will not be accepted after work has begun.

Orders to be finished should be accompanied by one-third

of the amount of purchase, balance to be paid when goods are ready for shipment.

Orders for unfinished goods should be accompanied by check for full amount. If immediate shipment is desired, certified check or Postal Money Order should be sent with order. Uncertified checks on out-of-town banks require from seven to ten days to pass through clearing house, thus delaying shipment.

On all Special-to-Order pieces we require a deposit of one-half the purchase price—balance to be paid before shipment is made. If possible, customers should inspect and approve all orders before delivery.

Customers should carefully examine their copy of order to see if items are correct.

Delivery

ALL goods are sold F.O.B. our store. We arrange for delivery at actual cost. This charge for local delivery is very low. Our expressman is held responsible for the safe delivery of goods.

A charge is made for crating on all out-of-town orders.

We recommend express shipments on out-of-town shipments as freight shipments are subject to cartage charge from shop to station. The slight difference in rate via express is offset by the cartage charge, and insures quicker and safer delivery.

When goods are delivered to the transportation company, we get a receipt, "Received in good order." Then our responsibility ceases, and the transportation company becomes responsible for damages, losses or delays.

Under no circumstances, return goods without our consent. Adjustments will be made when necessary.
